

# Burden Of Life

## Tech Rider

### Lineup:

Drums, Bass, 2x Guitars, 3x Vocals, Backingtracks.

### Required from the organiser:

- Power supply as shown in plan above.
- Drums with bassdrum, 3 Toms, several cymbal stands.
- 2x guitar cabs 4x12", 8 or 16 Ohm, microphones attached.
- 1x bass cab, 4, 8 or 16 Ohm possible, microphone attached or D.I. possible
- 3x microphone stands incl. cables. (We bring microphones ourselves)
- 4x monitor, 1 for each musician, regard plan for positions.
- 4x Line inputs at mixing desk, XLR, as specified in plan

### Drums (Matthias):

#### **Brings himself:**

- bassdrum pedals
- drum seat
- hi-hat stand
- snare with stand
- cymbals
- bassdrum trigger

**For the sound engineer:** Attaching microphones to the drums as the engineer deems them necessary, a trigger including drum module is brought to gig by us.

**Bass (Karl):**

**Brings himself:**

- Bassamp with integrated D.I. Box
- essential cables to D.I. Box or bass cabinet,
- Effectboard

**Guitar (Michael):**

**Brings himself:**

- Amp, essential cables to cabinet
- Effectboard

**For the sound engineer:** guitar uses volume boost in lead passages.

**Guitar (Christian):**

**Brings himself:**

- Amp, essential cables to cabinet
- Effectboard

**For the sound engineer:** guitar uses volume boost in lead passages.

**Rack:**

The rack contains D.I. Boxes for the Trigger (1), and Backingtracks (2)

- In total 3 channels are needed.
- Laptop and Trigger are connected to the rack.

**Monitoring:**

One monitor for each bandmember would be preferable. But we need at least three, if this is not possible, feedback would be nice.

Should there be any more questions regarding organisation or any technical questions please give us a call:
